

How to upload a photo onto Google Classroom

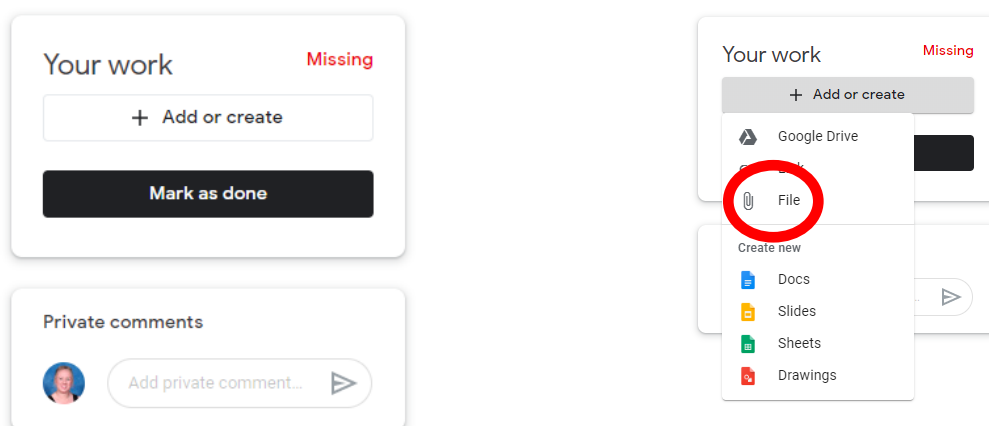

Step 1 – Take a photo of your work as requested by the teacher. You can take a photo using a smart phone, ipad, tablet or any device you have available. It is easiest to use the same device that you use to access Google Classroom.

Step 2 – Save the photo on your computer or device that you are using to access Google Classroom.

Step 3 - When in Google Classroom, click on the 'Classwork' tab across the top of the page.

Step 4 – Click on the assignment you have been working on and click on the 'add or create' button. Select the file option.

Step 5 – Select your file to upload and click the 'Turn in' button.
